Market Gap

No app in India currently combines: Simple English explanations for data roles + Daily habit loop for interview practice + Salary Calculator for data professionals + Referral-driven community growth. DATA247 is the first app to bring all of these together for Data Analyst and Data Science roles.

2. Legal & Compliance — India DPDP Act 2023

India's Digital Personal Data Protection Act 2023 (DPDP Act) and DPDP Rules 2025 were notified on November 13, 2025. Full enforcement begins May 13, 2027. Penalties for violations can reach up to Rs 250 crore. DATA247 is committed to full compliance from day one of launch.

2.1 What the Law Requires

Requirement	What It Means for DATA247
Consent	Users must give clear, specific, informed, and unambiguous consent before any personal data is collected. Consent must be obtained through a clear affirmative action — a checkbox they tick themselves.
Purpose Limitation	Data collected can only be used for the purpose it was collected for. User data collected to provide the app service cannot be used for advertising, profiling, or sold to third parties.
Data Minimisation	Only the minimum data necessary must be collected. DATA247 collects only: name, email, role selection, and app progress data.
User Rights	Users have the right to access their data, correct their data, and delete their data. All requests must be responded to within 90 days. Deletion must be completed within 7 days.
Children Protection	Users under 18 years of age are defined as children. Processing children's data requires verifiable parental consent. Tracking, profiling, and targeted advertising of children is expressly prohibited.
Data Breach Reporting	Any data breach must be reported to affected users immediately and to the Data Protection Board of India. Notification must include the nature of the breach, consequences, and steps taken.
Grievance Officer	A grievance officer must be appointed and their contact details must be clearly published in the app and privacy policy.
Privacy Notice	A clear, standalone privacy notice must be shown whenever personal data is collected, explaining what is collected and why.

2.2 How DATA247 Complies

Compliance Area	Action Taken	Status
Consent Checkbox	Signup screen has a mandatory checkbox: 'I agree to DATA247 Privacy Policy and Terms of Service. I consent to my name, email, and progress data being stored to provide this service.' Cannot sign up without ticking this.	Implemented

Age Verification	Date of birth field on signup. Users under 18 cannot create an account. Message: DATA247 is for users 18 and above.	Implemented
Purpose Statement	Data is collected only to provide the app service — practice questions, track progress, manage account. Not for advertising. Not sold to anyone.	In Privacy Policy
Data We Collect	Name, Email address, Role selection (Data Analyst or Data Scientist), App progress and scores, Referral code used. Nothing else.	In Privacy Policy
User Rights Screen	Inside Settings: View My Data, Correct My Data, Delete My Account options available.	Implemented
Account Deletion	Complete deletion of all user data within 7 days of request. Confirmation email sent to user.	Implemented
Data Breach Protocol	Any breach will be reported to affected users within 72 hours and to the Data Protection Board.	Policy Defined
Grievance Officer	Vijetasingh Rajput — data247official@gmail.com — published in app and privacy policy.	Published
No Data Selling	User data is never sold, shared, or transferred to any third party for commercial purposes.	In Privacy Policy
Children Protection	18+ only. Age verified at signup. No tracking or profiling of any user.	Implemented

2.3 Privacy Policy Must Include

- Full name of the app and founder
- What personal data is collected: name, email, role, progress scores
- Why it is collected: to provide interview preparation service
- How it is stored: securely in an encrypted database
- How long it is stored: until user deletes account
- Who has access: only the founder via admin panel
- Is it shared with anyone: No — never sold or shared
- User rights: access, correction, deletion within 7 days
- How to exercise rights: email data247official@gmail.com
- Grievance Officer: Vijetasingh Rajput — data247official@gmail.com
- Data breach notification: users will be informed within 72 hours
- Children: app is for users 18 and above only
- Changes to policy: users will be notified of any changes
- Date of last update: must show current date

2.4 Terms of Service Must Include

- Who can use the app: users 18 and above in India and globally

- What the app provides: interview preparation content — educational purpose only
- User responsibilities: not to misuse, share accounts, or copy content
- Content ownership: all questions, flashcards, and content belong to DATA247
- Referral program terms: rewards are at founder's discretion and may change
- Pro subscription terms: when introduced — billing, cancellation, refund policy
- Limitation of liability: DATA247 is an educational tool — job placement not guaranteed
- Governing law: laws of India — disputes under Indian jurisdiction
- Contact for disputes: data247official@gmail.com
- Changes to terms: users will be notified 30 days in advance

3. Pre-Build Scrutiny — 20 Issues Found & Resolved

A complete scrutiny of the app plan was conducted before development. 20 issues were identified across 6 categories. All 20 have been resolved and incorporated into the final build requirements.

Category 1 — Store & Legal Requirements (4 Issues)

#	Issue	Risk	Resolution	Status
1	Privacy Policy Missing	No Privacy Policy was planned. Play Store rejects apps without it.	Dedicated Privacy Policy page built inside app and linked externally. All DPDP Act requirements included.	RESOLVED
2	Terms of Service Missing	Signup referenced Terms but no page existed. Broken link = rejection.	Dedicated Terms of Service page built inside app.	RESOLVED
3	Account Deletion Missing	Play Store mandatory since 2023. Apps without it are rejected.	Delete My Account in Profile > Settings. Full data deletion within 7 days.	RESOLVED
4	No Demo Account for Reviewers	Reviewers cannot test app without login. App gets rejected.	Demo account created: demo@data247.app / Demo@2026 / Data Analyst role.	RESOLVED

Category 2 — User Experience Issues (6 Issues)

#	Issue	Risk	Resolution	Status
5	No Internet Handling	Blank screens on 2G/3G — India's primary network. App looks broken.	Friendly offline message on every screen with Retry button.	RESOLVED
6	No Version Number	Play Store requires version tracking. Users expect it.	Version 1.0.0 shown in Settings screen.	RESOLVED
7	No App Rating Prompt	No ratings = lower store visibility = fewer downloads.	After 5 days of use: Rate us on Play Store prompt shown.	RESOLVED
8	No Share App Feature	Missing biggest organic growth channel.	Share DATA247 button in Profile with pre-written WhatsApp message.	RESOLVED
9	Role Asked Twice	Onboarding asks role then signup asks again. Users frustrated.	Onboarding role pre-selected on signup screen automatically.	RESOLVED
10	No Empty States	First-time users see blank screens — looks broken and unprofessional.	Friendly empty state message designed for every screen.	RESOLVED

Category 3 — Product Decisions (5 Issues)

#	Issue	Risk	Resolution	Status
1 1	Admin Access Undefined	Anyone could access admin if not secured.	Admin panel restricted to data247official@gmail.com only.	RESOLVED
1 2	Admin Panel Incomplete	5 sections not defined — Lovable would build incomplete admin.	All 5 sections fully defined: News, Drill, Jobs, Questions, Users.	RESOLVED
1 3	Referral Logic Undefined	Reward trigger not defined — could give unlimited rewards.	Reward triggers ONLY on successful signup. 7 days Pro for inviter. 3 days for new user.	RESOLVED
1 4	Salary Formula Missing	No formula given — app would show random/incorrect salaries.	Complete salary formula defined based on India 2026 market data.	RESOLVED
1 5	WhatsApp Link Missing	App would have no link or wrong link.	Official link confirmed: https://chat.whatsapp.com/K1VD3nj2HVVCWxs4JKANB9	RESOLVED

Category 4 — India Specific Requirements (3 Issues)

#	Issue	Risk	Resolution	Status
1 6	No Performance Standards	India's primary phones are Rs 8,000-15,000. Heavy apps get deleted.	No heavy animations. Lazy loading. Works on 2GB RAM devices.	RESOLVED
1 7	No Data Efficiency	Limited data plans in Tier 2/3 cities. Data-heavy apps get uninstalled.	Images load only when visible. News thumbnails only. No background sync.	RESOLVED
1 8	No App Size Limit	Apps over 50MB get deleted in India. Play Store penalises large apps.	Target: under 30MB. All images compressed before upload.	RESOLVED

Category 5 — Language Decision (1 Issue)

#	Issue	Risk	Resolution	Status
1 9	Hinglish Excludes South India	Hinglish UI would alienate South Indian users — 25% of target market.	All UI, explanations, flashcards in Simple English. Beginner friendly. No Hindi.	RESOLVED

Category 6 — Legal Compliance (1 Issue)

#	Issue	Risk	Resolution	Status
20	No DPDP Act Compliance	India DPDP Act 2023 partially active. Full enforcement May 2027. Penalty up to Rs 250 crore.	Consent checkbox, age verification (18+), data deletion (7 days), breach protocol, grievance officer all implemented.	RESOLVED

SCRUTINY RESULT: 20 issues found. 20 issues resolved. Zero unresolved items. Development cleared to begin.

4. Brand Standards
